ADDITIONAL RIDER AND BOOTH SETUP INSTRUCTIONS

- All equipment must be in high quality and in full working condition without any defects and with presence of full connection which allows usage of all functions
- A professionally trained sound man on site for the entire set. Sound system must be up to the artist's standards (loud enough for the size of the room, clear sound, plenty of bass, no sound bleed from other stages or rooms). Artist reserves the right to have people removed from the stage during the performance. If the technical rider is not to exact specification the artist reserves the right to cancel the performance at any time without penalty.
- Stage area shall be stable and structurally safe. Artist reserves the right, without liability, of refusal to use any equipment which they feel is unfit, unsafe or does not meet the agreed specifications for the engagement.

SECURITY

- The well being of the artist's equipment is the promoter's responsibility when the artist is not present. Promoter is responsible for the security of the equipment and assigning security guards to prevent theft or tampering.

SOUND CHECK

- A sound check is not always necessary if the show has been advanced and cleared, however, in situations where clarification is necessary a brief sound check before doors open will be required.
